

## Revoco & PaperCut MF is designed to simplify the print/scan/fax/copy cost recovery process for the legal sector.

### Some of our unique benefits include:

**Seamless integration** with virtually any external billing system: WinLaw, Legal Suite, Ghost Practice and others.

**Fully automated synchronisation** of matter/billing codes between PaperCut MF and external billing systems, as well automated exports of various transactions from Revoco into external billing systems.

Our optional **Revoco telephony module** allows for tracking and billing time spend on telephone calls which completely cuts out the need for manual stopping and starting of timers.

**Fully automated** telephone billing against relevant matter number.

**Support** for vast range of analogue, digital and VOIP PBX's.
